

## Phonics Screening Check 5 Year Trend

**Key Judgement – Percentages of pupils achieving the expected standard in the PSC at the end of Year 1 have consistently been at least in line with national figures since the time of the last inspection (*not taking into account 2020 and 2021 due to Covid-19*)**

(Retakes in Year 2 have improved since 2019 yet remain slightly below national in 2022, largely due to newly arrived pupils arriving from overseas with little or no English language)
