

Year 2

Curriculum Information

What your child is learning this half term

Spring Two: Let's Explore the World

UNICEF Articles:

Article 27 - Every child has the right to a standard of living that is good enough to meet their physical and social needs.

Article 28 - Right to education.

Creative Curriculum

Class Book - "How do flowers grow?" By Katie Daynes

Our curriculum this half term will be focusing on plants, and children will begin to explore non-fiction books. Children will write an explanation text inspired by the class book.

At home ensure that your child knows all their high frequency words, also ensure that you read a range of non-fiction books.

Maths

This term children will begin to look at Money and Multiplication and Division, linking to times tables. The children will then apply their Mathematical knowledge to reasoning and problem-solving activities.

At home support your child with learning their times tables using Times Table Rockstars.

Science

We are learning all about 'Living Things and Their Habitats'. Children will learn about a variety of habitats and the animals that live there. Moreover, children will explore the difference between things that are living, dead and alive.

At home children can research a range of habitats.

RMSE

In RMSE children will be exploring Judaism and the celebration of Passover.

They will be able to understand how Jewish people have a special relationship with God. Also, the children will explore Islam and will understand the importance of praying.

At home, you can research and discuss the importance of why Muslims pray.

Physical Education

In 20, children will focus on 'Send and Return.' Children will begin to hit and return a ball using hands and racquets with some consistency. In 2C, children will be learning how to 'Attack, Defend and Shoot.'

At home children can express themselves through dancing. Additionally, children can practise their kicking skills.

Geography

In Geography children will be exploring the impact the climate has on minibeasts. Children will also explore zoos around the world and draw explain how they are different and why.

At home children can draw a map of an imaginary zoo.

PSHEC

Children will begin the term exploring our diverse society and the importance of upholding British Values. Furthermore, children will explore the healthy and unhealth relationship behaviours.

At home, discuss healthy features of a relationship between family or friends. Encourage children to develop good coping strategies to handle their emotions.

Computing

Our topic this term is 'Programming: Introduction to block coding'. Children will explore the application 'Scratch Jr' independently and use a code to create animations.

At home encourage children to access Scratch Jr and create an algorithm using a code.

Art and DT

In DT children will be learning about mechanisms and will make a moving monster. In Art they will draw, sketch and paint minibeasts.

At home children can research the features of minibeasts.

Homework

Children are given online weekly tasks to complete via Purple Mash which includes Maths, Reading and English. Homework is set on Thursday and should be completed by the following Monday. Those that have no access to a device will be given weekly homework in their homework book. ILP will be given as half-termly tasks where children will lead their own learning by completing a homework project linked to the ILP topic. Home reader books are changed weekly, please ensure your child writes two comments a week in their home planner.
