

Phonics Screening Check Data Summary

Phonics outcomes have been consistently strong since the previous inspection, remaining in line with or above national averages. Improvements in Year 1 attainment, combined with outstanding Year 2 outcomes, illustrate the success of the school's early reading and phonics strategy and ensure that almost all pupils are confident readers and well prepared for the wider curriculum by the end of Key Stage 1.

Phonics Screening Check	2023	2024	2025	2026
Cohort Number	56	41	49	30
Y1 School	79%	85%	86%	93%
Y1 National	79%	80%	80%	TBC%
	In line with National	Above National	Above National	Expected Above National
Retake Number	30	16	7	8
Y2 Retake School	83%	69%	86%	63%
Y2 Eligible Pupils	93%	90%	97%	96%
Y2 National	89%	89%	89%	TBC%
	Above National	In line with National	Above National	Expected Above National

2026 Y2 Context: Of the 8 Year 2 pupils who completed the check, 3 did not meet the expected standard. This reflects the specific needs of this small cohort: 1 pupil was disapplied due to complex SEND, 1 pupil has profound learning difficulties (SEND), and 1 pupil is a newly arrived EAL learner who is at the very early stages of acquiring English. These outcomes should therefore be viewed in the context of the pupils' individual learning needs and starting points.
